

Barbara Hughes Sullivan, Executive Director

Dear Village Members,
Friends and Supporters!

Summer daze! Hope you are all enjoying some summertime adventures, catching up with family and friends and maybe even taking time for vacations.

Our office is working on making our annual conference a great success. One aspect of the conference is working with so many Villages to register for the event. Meeting (by phone) our newest members and reconnecting with long-time Village members.

I am amazed at the amount of new "opportunity" members we have seen this year. This past year, we re-organized and made attempts to include more Villages that were in the past unable to join our organization. Developing Villages can join for \$150 for a year. All-volunteer Villages and low/no dues Villages typically didn't join because of cost and support. Our new

category, *Individual Village Membership*, has allowed Villages to join at a reduced rate. These are Villages that have annual budgets of \$25,000 or less. Small Villages sometimes have a hard time joining the Network because of the cost.

We at the Network strive to show the value of being a member. Of course, we emphasize that Village to Village Network is the national organization that represents and advocates on behalf of the Village Movement. But, we continue to point out that the VtVN provides a variety of services and products to support the development and operation of Villages and acts as the "Village commons" enabling Villages to connect with their peers.

I love that we now have multiple partnerships with national and local businesses to help further our mission of scaling the Village model.

I continue to urge all our members to reach out to local communities and towns to mentor new Villages. Together is better!

Have a great summer and enjoy the lazy daze! Silly as it sounds, stop and smell the flowers! Hope to see you all in September!

Best,

Barbara
